WALKING TRIP PERMISSION

Dear parent(s):

We are very fortunate to have the Broad Run Park located immediately adjacent to the school grounds. During the course of the school year it is likely that we will take advantage of this opportunity for special class activities.

I am seeking your "open-ended" permission to take walking trips to the park whenever such a trip could enhance a class activity and the weather is conducive to the activity. The school nurse will be consulted regarding insect or plant allergies and weather related medical conditions.

Please sign on the indicated line and return to the school.

Yours,

Teacher

Child's Name _____

I grant my permission for my child to participate in walking trips in the Broad Run Park.

Parent Signature

Date

Daytime Telephone Number

Please summarize any medical considerations for walking trips to the park:
